Dear Lisa, I just wanted to take a moment to let you know that you are an absolute gem when it comes to owning your own business. When I started searching for a franchise to own, I had no idea of how to go about doing it. Then you came along and made it much easier by taking one step at a time and keeping me focused on the objective. I had no prior knowledge of how to even look into becoming a franchisee, until I met you. When I stumbled upon you and your company, and after talking with you numerous times, it suddenly all became clear. People talk about owning their own business everyday but don't know how to get started. Now I know that you are the key. You are the fire that stays lit and holds you accountable for your actions every step of the way. I like to say that you kept me focused and looking ahead. You have so many connections that are needed in getting started with a franchise. It would have taken me twenty years to get anywhere if I had tried to do this process by myself. So I will tell anyone that gives me the opportunity that your services are extremely valuable and have benefited me tremendously on the road to owning my own business. Anyone that listens to you and takes your advice will undoubtedly become successful with becoming an entrepreneur.

Sincerely,
